The Board, with a view of giving increased facilities to the Public in the transaction of Life Business, have directed the construction of various Tables in addition to those they had previously in use.

1. NON-PARTICIPATING, on Reduced Rates of Premium.
2. Tables on INCREASING and DECREASING Scales.
3. „ subject to a LIMITED Number of Annual Payments.
4. „ for ENDOWMENT ASSURANCES.

No entrance fees are charged. The Assured may proceed to any part of Europe without extra Premium. The Lives of Naval and Military Officers, not in actual service, are taken at the usual rates. A Commission to Solicitors and Agents bringing business is paid.

Detailed Prospectuses, with Tables of Rates and full particulars, will, on application, be forwarded by post, or may be obtained at the Head Office, 1, *Bartholomew Lane, London*; at the Office of the Company, 95, *George Street, Edinburgh*; and at their various agencies in England, Scotland, and Ireland.

* * *Loans on the Deposit of unencumbered Policies of the Company are made, up to their value, without legal expense to the borrower.*

FIRE ASSURANCES are accepted AT HOME at the usual rates. The Company prosecute both *Fire* and *Life* Assurances ABROAD on reasonable terms.

ASYLUM LIFE OFFICE,

72, CORNHILL, LONDON.

ON DIFFERENT SYSTEMS OF LIFE ASSURANCE.

To show how erroneous it is to suppose that Insurers are benefited by "Bonuses," when the price paid for such by surplusage of premium charged is considered, it is only necessary to contrast the following statement of a policy with and without bonus, at relative rates of premium.

Date of Assurance in both cases	.	.*	1817
Age at ditto	.	.	30
Sum assured, ditto	.	.	£100
Premium charged by Bonus Society	.	.	£2 13 6
Ditto ditto Non Bonus Society	.	.	2 2 0

RESULTS IN 1840.

BONUS SOCIETY.	NON BONUS SOCIETY.
Original sum assured £100 0 0	Original and final sum assured . . £100 0 0
Bonus now promised . 22 10 0	
Total sum now promised to be payable at Death 122 10 0	
Total sum already paid by Assured, with interest at 4 per cent. 104 10 11	Total sum already paid by Assured, with interest at 4 per cent. . 82 1 6
The annual interest of which to Company is 4 3 1	The annual interest of which to Company is 3 5 8
And premium of . . 2 13 6	And premium of . . 2 2 0
Yearly receipt by Company, per cent. assured 6 17 2	Yearly receipt by Company per cent. assured 5 7 8

Thus it appears, that to secure £22 10s. Bonus at death, the Assured has virtually paid an excess of £22 9s. 5d. present cash, (difference between £104 10s. 11d. and £82 1s. 6d.) which, at age reached, would buy nearly double the bonus declared; and, further, that after the Bonus Company have received more than sum assured, and are deriving annually £6 17s. 2d. per cent. per annum, a merit is made of allowing Two and a half or Three per cent. per annum bonus, to be payable at death, the surplus premium still continuing.

It became necessary, for elucidation, to select some particular office as a contrast, and the Equitable, having declared the greatest bonuses, should be, as chosen above, a favourable example, though it may easily be seen that the contrary result is not merely the effect in a special office, but of the very principle of Bonus Societies professing to take more than is necessary on the contingency of returning the excess hereafter.

The above, worked in detail, may be had on application at the Asylum Life Office, on enquiring for a paper on "*Bonus Systems*."

On a **THIRD SEPTENNIAL INVESTIGATION** into the affairs of this Company, to the **25th March, 1846**, a **BONUS**, amounting on the average to **31 per cent.** on the Premiums paid for the preceding Seven Years, was assigned to all Policies of at least Three Years' standing, and effected for the whole duration of life.

To similar Policies the following **BONUSES** were declared at former Divisions, viz. :—

First Division, in 1832.

On the average, upwards of 26 per cent. on the Premiums paid.

Second Division, in 1839.

On the average, 33 per cent. on the Premiums paid for the preceding Seven Years.

The Advantages of this Office, among others, are :—

1. A participation septennially in two-thirds of the profits, which may be applied either in reduction of the Premium, or to augment the sum assured.
2. Premiums may be paid in a limited number of annual sums, instead of by annual payments for the whole of life; the Policy continuing to participate in profits after the payment of such Premiums has ceased.
3. The Assurance or Premium Fund is not subject to any charge for Interest to Proprietors.
4. Permission to pass to Continental Ports between *Brest* and the *Elbe* inclusive.
5. Parties (including Officers of the Army, Navy, East India Company, and Merchant Service) may be assured to reside in or proceed to all parts of the world, at Premiums calculated on real data.
6. Claims to be paid within three months.
7. The Assured may dispose of their Policies to the Company.
8. No charge but for Policy Stamps.

The Prospectus, Tables of Rates, &c., to be had at the Office in London, or of the Company's Agents.

FOR FIRE AND LIFE ASSURANCE AND ANNUITIES,
AND THE PURCHASE OF REVERSIONS AND LIFE CONTINGENCIES.

Life Insurance.

THE Directors recommend attention to the fact, that this Company has never deviated from those permanent principles on which it was originally established, guaranteed by a large, real, and accessible Capital, wholly independent of the amount of premiums received.

They are not unmindful of the different modes of Life Insurance that have been adopted of late years, in order to attract the favour and attention of the public, on the principle of appropriating a share of future profits to all persons assured. Such Societies, however, being associations for mutual benefit, are necessarily attended with all the disadvantages of mutual risk and liability incidental to their formation; and however desirable it may be for individuals insuring their Lives for the benefit of their own families, or immediate nominees, to speculate on the advantages of Mutual Assurance and partnership, those who effect Life Insurances in the capacity of Trustees, or otherwise, in the performance of a specific duty, for the consequences of which they are, or may hereafter be held responsible, may find that an uncertain and indefinite engagement is not only unsuited, but repugnant, to the object they have in view.

**** As many persons have been deterred from offering themselves for Insurance, considering that, on account of some Ailment or other Peculiarity of Health or Constitution, their Lives would not be accepted, the Directors give notice, that they receive Proposals on Lives so affected upon an unreserved and faithful statement of the particular circumstances of the case, and under the professional advice of their Medical Officer.*

Special Insurances of this class, if approved, will be subject to such Extra Premium as may appear to the Directors apportioned to the Risk to be undertaken by the Office.

Policies for the whole Term of Life will be purchased on terms to be agreed on with the parties interested, should they be desirous of surrendering them to the Company; or a loan may be obtained thereon, in proportion to the value of the Policy.

LIFE INSURANCES, for SHORT AND LIMITED PERIODS, may be effected at reduced rates, and with the least practicable delay.

Fire Insurance.

FARMING STOCK INSURED GENERALLY ON THE FARM.

Rent of Buildings rendered untenable by Fire may be insured at this Office.

Losses from Fire by Lightning are made good.

Rates and Conditions of Fire and Life Insurance, and the granting of Annuities, may be obtained at the Offices in London, and of the Company's Agents in the Country.

Foreign Insurance.

Insurances on Lives, and on Merchandise and other Property in Foreign Countries, are granted upon moderate terms, on application at the Company's Offices, or to their Agents abroad or at home.

LIFE DEPARTMENT.

ACTUARY.—PETER HARDY, Esq., F.R.S.

This Corporation has effected assurances on lives for a period of 130 years.

Two-thirds of the entire gross profits are appropriated to the Assured, the Corporation retaining the remaining third, out of which they pay the whole expense of management, thus affording to the public advantages equivalent to those derived from mutual assurance, without liability of partnership, with all the security afforded by an old and opulent corporation. Policies may be opened under any of the three following plans, viz.:—

The Old Series, under which Assurers are admitted at very moderate rates of premium, without participation in profits.

The Series 1831, under which Assurers will be entitled, after the first five years, to an annual abatement of premium; the abatement at the last valuation was equivalent to a return of more than one-fourth of the premium.

The Series 1846, under which Assurers will be entitled to participate in the ascertained profits at the end of the year 1850, and subsequently at the end of every five years, and to appropriate their share thereof, either as an immediate cash bonus, as an addition to the sum assured, or in any of the other modes stated in the prospectus of the Corporation. The first division under this series will take place on the 31st December, 1850, and all policies opened prior to that day will be entitled to participate *pro rata* therein.

Fire Insurances effected at moderate rates upon every description of property.

Marine Insurances at the current premiums of the day.

The distinguishing feature of this Company is—

A GUARANTEED RETURN at any time for the surrender of **Whole Term Policies**, effected by even rates, of **FORTY PER CENT.** of the amount of Premium received. This is an advantage which, it is believed, has not hitherto been afforded by any other Assurance Company.

The following important benefits are also offered by this Company.

A person desirous of surrendering his Policy may receive, instead of a payment in cash, a new Policy for an equivalent sum, not subject to further payment of Premium.

Credit given for *one-third* of the Premiums upon whole new Policies.

Notices of Assignments received and registered, and acknowledged if required.

No claim will be disputed, except in case of *palpable fraud*; an unintentional error will not vitiate a Policy.

No Entrance-Money, or fees of any kind, nor any charges made for Policies beyond the cost of the stamp.

LOANS are granted on deposit of Policies of five years' standing, to the extent of their value.

No appearance before the Court of Directors required.

Prospectuses, Forms of Proposal, and every information, may be obtained at the Offices as above, or from any of the Agents throughout the country.

LIFE ASSURANCES may be effected with this Corporation on terms most advantageous to the public for any sum not exceeding £10,000 on a Life.

TWO-THIRDS OF THE PROFIT on Policies dated since December, 1841, will be apportioned Septennially among those effected for Life, on which Three Annual Premiums shall have been paid.

The BONUS may be applied in INCREASE OF THE SUM ASSURED, or in REDUCTION OF THE PREMIUM, at the option of persons effecting Insurances.

The following Table shows the amount of BONUS, by additions to Sums Assured, already declared on British Policies, for £1000 each, which had been Seven Years in force on the 31st December, 1848.

Age when Assured.	Amount of Premiums paid.	Amount of Addition.	Per cent. per Ann. on Sum Assured.	Per cent. on the amount of Prems. paid.
	£ s. d.	£		
20	152 5 0	98	1.40	64.4
30	486 7 6	102	1.46	54.8

60	445 7 6	166	2.37	37.2
70	771 15 0	244	3.49	31.6
Average.			2.04	46.3

The position and character maintained by the Corporation, during upwards of a Century and a quarter, afford sufficient guarantee that this Bonus has been declared out of surplus actually realized, and not by anticipating future profits. The practice of promptly deciding upon proposals, of registering and acknowledging notices of assignments, and giving information as to prior notices, is important to members of the legal profession; and granting Assurances to the extent of £10,000 on a Life, saves trouble to clients as well as Solicitors, by obviating the necessity of appearance and examination at numerous offices.

The usual Commission is allowed to Solicitors, on introduction of Life Assurances; and is annually reserved for the same parties, notwithstanding the possible payment of subsequent Premiums through other members of the profession.

The customary Fees are allowed to the medical referees of persons proposing Life Assurances.

The Society has made two divisions of profit—one in January, 1842, the other in January, 1847. By the former division, the reversionary additions to the Policies amounted on the average to about *Forty-five per cent.* on the Premiums paid during the five years ending 1st January, 1842, and by the latter to about *Fifty per cent.* on the premiums paid during the five years ending 1st January, 1847.

The effect of these divisions will be seen by the examples in the following Table, showing the additions made to certain existing Policies upon lives at various ages:—
